

Single Sign-On technology allowing teachers and students access to everything they need with just one login!

Dear Parents,

We are pleased to share that we have adopted ClassLink, a single sign-on platform allowing teachers and students to use one username and password to access everything they need. You can learn more about ClassLink at www.classlink.com and see why we feel it's essential to create faster, easier access to digital education resources that your children need to succeed at school and home.

Your child can access ClassLink on a computer or a mobile device. Please follow the directions below to sign your child in!

If you have questions, you can contact your classroom teacher, who will coordinate with the IT department to support your student!

Thank You!
