

## **Board of Education Goals 2023-2024**

*“We aspire to be a world class community school that is a district of choice.”*

### **Board Development**

The board will implement the NYSSBA rubric for self evaluation with the online SuperEval program in June. The board will commit to professional development as a group around relevant topics relating to the district goals in order to increase board knowledge and awareness.

The board will be actively participating in updating our district strategic plan facilitated by [Blueprint Strategic Planning Service](#).

### **Financial Stewardship**

The board will present and propose a budget to the community that supports a strong, progressive program for our students

The board will monitor the budget through monthly annualized reports including reserve tracking on a quarterly basis.

### **Policy:**

The board will continue to utilize Erie I policy services to continue to review, revise and adopt policies for implementation.

### **Superintendent Evaluation:**

The board will continue to utilize the NYSCOSS evaluation rubric with the online SuperEval program in evaluating the superintendent of schools for the 23-24 school year.

### **Facilities**

The board will participate on a Facilities Committee with the goals of monitoring the planning of Capital Outlay Projects and the implementation of the district-wide Capital Project including periodic walk-thrus to monitor the progress of the work.

### **School Safety**

The board will participate on a Safety Committee with the goals of monitoring the continuation of safety procedures and measures in line with the district wide safety plan.

### **Conferences**

The BOE will commit to attending conferences for professional development / networking opportunities including the Rural Schools Association (RSA) Conference in Lake Placid, NY taking place July 14th-16th this year.

### **Participation in School Committees**

Members of the BOE will actively participate in school committees including Facilities, Safety, Agriculture, Audit, Technology, Wellness, and Strategic Planning.
